Stand Out with Effortless Group Sales & Catering Solutions

Tripleseat, a leading catering and event management platform, has now joined forces with the GoTab Restaurant Commerce Platform. This partnership ensures that deposits made for events in Tripleseat seamlessly transition to the event day tabs in the GoTab POS system. Additionally, our collaboration promises to bring a smile to your bookkeeper's face with our streamlined mapping and complete accounting transparency.

THE GOTAB + TRIPLESEAT ADVANTAGE

With GoTab and Tripleseat working seamlessly together, event planners can now unlock a whole new level of success. By utilizing our cutting-edge technology, event revenue can soar by over 30% for large-scale events, group reservations, and off-site catering. The hassle of booking and deposit payments becomes a thing of the past, allowing guests to enjoy a stress-free experience from start to finish. With GoTab, the convenience continues on event day, as deposits are seamlessly integrated as net sales, streamlining the close-out process for all involved.

BY COMBINING THE POWER OF GOTAB AND TRIPLESEAT, THE POSSIBILITIES ARE ENDLESS:

- Event deposits can effortlessly be retrieved and applied within GoTab, ensuring a smooth and efficient operation on the day of the event.

- Sales reporting becomes consistent and transparent, providing valuable insights for event managers and bookkeepers.

- With all event deposits and payments tracked in one centralized location, there is a single source of truth, simplifying the entire process for everyone involved.

This innovative collaboration between GoTab and Tripleseat marks the start of a transformative era in event planning, streamlining laborious, error-prone manual tasks into effortless guest-friendly solutions. Guests, event managers, and bookkeepers alike can now enjoy a worry-free and convenient experience like never before. With our innovative solutions, event planning has never been easier or more rewarding.
