

Empowering Craft Makers from Production to Pour

Ekos is the leading business management software designed for craft beverage producers, helping streamline operations from inventory and production to sales and compliance. Ekos empowers makers of beer, wine, spirits, and more to scale efficiently with real-time insights and tools tailored to their unique needs.

THE GOTAB & EKOS ADVANTAGE

Together, GoTab & Ekos offer a powerful combination of a comprehensive business management solution and the leading Point-of-Sale Platform for craft producers.

WITH GOTAB AND EKOS, OPERATORS BENEFIT FROM:

Streamlined Operations:

Centralize inventory, production, and sales, reducing manual tasks and improving overall efficiency across the entire process.

Real-Time Insights:

Gain actionable data on production, sales, and inventory, helping craft producers make informed decisions that boost profitability and reduce waste.

Compliance Simplified:

Automatically track and report regulatory data, ensuring craft producers meet industry standards and avoid costly compliance errors.

Scalable Growth:

Tailored to the craft industry, Ekos supports producers in scaling without sacrificing quality or authenticity.
