

Built to Make Your Business More Profitable

ProfitRover is an AI-driven staffing, pricing, operations & forecasting tool to drive higher profits. See why so many businesses are trusting ProfitRover to help them achieve their goals!

THE GOTAB & PROFITROVER ADVANTAGE

The integration of GoTab with ProfitRover equips restaurants with advanced tools to optimize their operations and boost profitability. GoTab's user-friendly POS system, combined with ProfitRover's intelligent forecasting and data-driven insights, allows restaurants to save 10-20% on labor costs through optimized scheduling, grow revenues by 5-15% with smarter pricing strategies, and increase gross margins by 3-7% through precise recommendations for hours of operation. Together, GoTab and ProfitRover empower restaurants to plan smarter and drive sustainable growth.

WITH GOTAB AND PROFITROVER, OPERATORS BENEFIT FROM:

Data-Driven Staffing Recommendations:

Optimize staff schedules by predicting busy periods and ensuring the right team members are on hand when needed.

Smart Pricing Recommendations:

Dynamically adjust pricing based on demand, trends, and customer behavior to maximize revenue.

Intelligent Hours of Operation:

Recommendations: Determine the most profitable hours to operate, reducing costs during slow periods while capitalizing on peak times.

Hourly Revenue, Sales & Tip Forecasts:

Gain insights into expected hourly revenue, sales, and tips to better plan and manage daily operations.
