GoTab Easy Tab

Introducing EasyTab, the tab that goes where your guest goes. The simpler way to introduce your guests to order, split and settle all on their own device. EasyTab helps GoTab operators introduce contactless ordering to their guests, guiding them over the hurdle of using their mobile device to place their food and drink orders, bridging traditional service models with guest-led ordering.

Optimized Convenience
Simplify first-time guest-led ordering by creating new tabs for your guests.

Maximized Efficiency
Save steps and valuable time to focus on hospitality.

Hybrid-Service Models
Switch between service models seamlessly.

Convenience Without Compromise

EasyTab effectively solves the problems of increased demand, staffing shortages and resistance to new service models. The result is an elegant transition from traditional ordering through a server, to mobile ordering and payment, and back again. It's all about making it easy for guests to help themselves.

Easily Start Tabs
With just a tap of a card and a phone number, your servers can seamlessly share open tabs with guests.

Let Guests Relocate
Guests can explore your venue and continue to order at their own convenience without flagging down a server or having to close tabs.

Scale with Reduced Labor
Handled reduced labor by giving power back to your guests and allowing them to place orders and settle on their own.

Increase Revenue
More orders, less overhead. Frictionless ordering helps increase check size while minimizing extra work for servers.

NO LOCK IN CONTRACTS

Our platform offers the freedom to enhance guest experiences and streamline operations without restrictive contracts. With month-to-month agreements, GoTab puts the power in your hands.
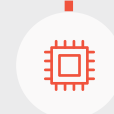

Data
It's yours

Hardware
Run on a tablet, pc, phone, it's up to you; our software runs seamlessly on iOS, Windows and Android platforms

Payment Processor
No one-size-fits all solutions here
