

FEATURE HIGHLIGHT

Advanced Pricing Rules Engine

Update pricing, service charges, and more, in real time

- ✓ Operators can set specific pricing rules based on product, category, menu, and even time of day.
- ✓ Seamlessly integrate service charges into menu prices. For example, displays a 20% service charge on a \$14 as \$16.80 on the menu.
- ✓ Set price increases or decreases by percentage or a fixed amount, or round prices to the nearest dollar, 50 cents, or 99 cents.
