GoTab × stayntouch

# Effortless Ordering, Ultimate Guest Experiences

**MOBILE ORDERING + PMS  
INTEGRATION = SEAMLESS SERVICE  
& STREAMLINED OPERATIONS**

GoTab's integration with Stayntouch PMS empowers hotels and resorts to deliver elevated guest service with simplified billing and real-time data sync. From poolside to room service, guests enjoy frictionless ordering and staff manage everything in one connected system.

## KEY FEATURES

### Room Charge Ordering

Guests can order via QR code or POS and charge directly to their Stayntouch reservation.

### Real-Time Sync

Guest orders and billing data are automatically updated across both platforms—no manual entry.

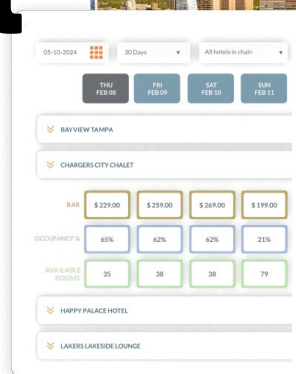

### Unified Tab Management

Guests can open a tab anywhere and continue it across property locations for a seamless experience.

MANAGE  
PORTFOLIO

70%  
FASTER

## BENEFITS

### Elevated Guest Experience

Guests enjoy flexible ordering, personalized service, and simple checkout—all tied to their room.

### Streamlined Operations

Staff handle payments and billing with ease, reducing errors and improving workflow.

### Revenue Growth

Frictionless ordering increases spend across outlets, from dining to in-room service.
