

Maximize GoTab point-of-sale and use inKind to pay for it.

inKind provides restaurants with upfront capital and drives more guest visits. inKind purchases food & beverage credit in bulk and uses the credit to incentivize guests to discover, dine and spend more at restaurants. The credit is redeemed over 24 months so the operator can get capital without disrupting cash flow. inKind has over 1.3 million guests on the inKind app and has funded over \$160MM to restaurants nationwide.

By partnering with inKind and GoTab, operators benefit from:

- Pre-qualification for \$5,000 to \$10,000 in initial funding when using GoTab.
- Access to upfront capital that is non-restrictive, non-dilutive, and debt-free.
- New business and incremental guest visits, filling tables that might otherwise remain empty.
- High-value guests who are incentivized to spend more through the inKind app.

Over 1,600 operators, from independent restaurants to large enterprise groups, trust inKind as a partner in growing their restaurant business.
